

CHEMICAL FUME HOOD TESTING AND MAINTENANCE MANAGEMENT (3 Day Certificate Course based on ASHRAE 110) Course

Hosted by:

Presented by:

Exposure Control Technologies, Inc.
Cary, NC
August 10th thru 12th

Why LabWize, Inc.?

- Partnering with the Experts
- Professional Development and Networking Opportunity
- Promote Energy Efficiency and Sustainability
- Increasing the Impact of Investments in Research
- Fostering Research Excellence
- Enhancing Learning and Transfer of Knowledge
- Leveraging the Strengths of Government, University and Private Sector

Who should Attend?

- Certifiers
- Chemical Hygiene Officers
- Contractors
- Industrial Hygienists
- Facility Owners
- Facility Engineers
- Mechanical Engineers
- Maintenance and Operations
- ASHRAE Members

Limited Seating Available

DATE: AUGUST 10—12, 2010

TIME: 8:30AM - 5:00PM

ECT Training Center
231-A East Johnson St.
Cary, NC 27513

CHEMICAL FUME HOOD TESTING AND MAINTENANCE MANAGEMENT

Exposure Control Technologies, Inc. & LabWize, Inc.

CHEMICAL FUME HOOD TESTING AND MAINTENANCE MANAGEMENT
ABIH CM POINTS: 3.17 Industrial Hygiene CM Points

At the end of this 3-day course, participants will be capable of specifying appropriate fume hood tests, conducting tests according to standard methods and managing test data to ensure proper performance of laboratory fume hoods.

For maximum learning, the course is divided into classroom lecture sections and lab sessions for combining theoretical and practical knowledge. Labs enable hands-on experience involving CAV/VAV test methods, lab environment tests and troubleshooting development. The practical experience will enable students to identify, diagnose and specify repair of dysfunctional fume hood systems. In addition, students will learn how to manage test data to improve operating efficiency of the lab systems.

Highlights

- An understanding of the fundamentals of laboratory ventilation
- Ability to analyze fume hood types and specify appropriate tests for VAV and CAV systems
- Conduct fume hood performance tests
- Operate, calibrate and maintain test equipment
- Collect, analyze and report fume hood performance test data
- Manage data to achieve safe, dependable and efficient ventilation systems

Course Location:
231-A East Johnson St.
Cary, NC 27513

Registration via Phone/Fax/Online at:
Phone 678-867-2182
Fax: 678-867-2183
